

# HUPAC

Health Underwriters  
**POLITICAL ACTION COMMITTEE**

March 23, 2018

Central Virginia AHU  
PO Box 5622  
Allen VA 23059

Dear Central Virginia AHU ,

With your contribution, your chapter board and its members have shown how your commitment to HUPAC is critically connected to NAHU's legislative goals. On behalf of HUPAC's National Board, we thank you and your Chapter's commitment to the HUPAC administrative fund. The administrative fund helps the PAC finance its operating expenses, compliance, fundraising and technological capabilities. This helps us use our members contributions to the candidate fund, solely for the purpose of electing candidates who support our industry.

With your commitment, HUPAC has continued to grow and we are targeting continued growth into the future. The larger our PAC, the more influence we will have in Washington D.C. We continue to strive at becoming a sustaining "Million Dollar PAC". The growth of HUPAC and the fact that its \$1 million goal is now attainable is a tribute to you and your commitment to our industry and the clients you serve.

While we distributed over \$980,000 to candidates from both parties in the last election cycle which covers two years and had a 95% success win rate with those dollars, our goal, is to enhance NAHU's policy influence. This means distributing \$1 million each year to candidates who support our mission. The HUPAC board is continuing to implement **Vision 2020**, our 5 year strategic plan that lays the groundwork to reach our goal.

Our goals can be realized with your Chapter's continued commitment to HUPAC. Please share our gratitude with your members at your chapter meetings. Again, I want to thank your Chapter's contribution and commitment to the important role that agents and brokers play in our health care system.

Very truly yours,

Steve Selinsky, HUPAC Chairman  
HUPAC National Board of Trustees
